**ABOUT HBA OF GREATER AUSTIN:** Since 1953, the HBA has served as the leading not-for-profit trade organization dedicated to residential construction and remodeling in Central Texas. With approximately 800 members, the HBA works with government, public, business and community organizations in five counties to protect every family's right to home ownership. The HBA and its members work to ensure that those who protect us, teach our children, and provide essential services can afford to live here. The majority of new homes are purchased by middle-class families – the very people at risk of being priced out of our communities by rising taxes, government fees and regulations.
