

COMPOUNDING GROWTH

*Remodelers continue growth
year over year*

BY TIM GREGORSKI, EDITOR IN CHIEF

Earlier this year, we compiled our 2013 Market Leaders in more than 20 remodeling markets in the U.S. That list is composed specifically because the remodeling industry is generally a localized business, and it is important to know which firms complete the most jobs and earn the most revenue by market.

In order to gain a national perspective on the remodeling industry, *Professional Remodeler* publishes an annual list of America's Top Remodelers.

This is the third year we've published America's Top Remodelers and the list has grown from 150 firms last year to 231 this

year. Of the top 50 companies, the majority represent the exterior replacement and full-service market segments. Insurance restoration, kitchen and bath, and design/build segments are also represented in the top 50. In previous years, maintenance and repair of homes drove a remodeling industry that was mired in recession. As homeowners began to reinvest in their homes in the last year, full-service and design/build firms have garnered more space at the top of our list.

Further evidence the remodeling market is stabilizing: 84 percent of the remodeling firms that make up the 2013 America's Top Remodelers list expect to increase their revenue from 2012 to 2013. Of the 231 remodeling firms that generated a revenue of at least \$1 million in order to be eligible for our 2013 America's Top Remodelers list, 16 percent do not expect to exceed their 2012 revenue in 2013.

Also, the Harvard University Joint Center for Housing Studies (JCHS) noted this past July the housing market has strengthened over the last 18 months, which has translated into increased spending on home improvements. According to the JCHS

Total 2012 Revenue
\$2,846,046,261

Oldest & Newest Firms

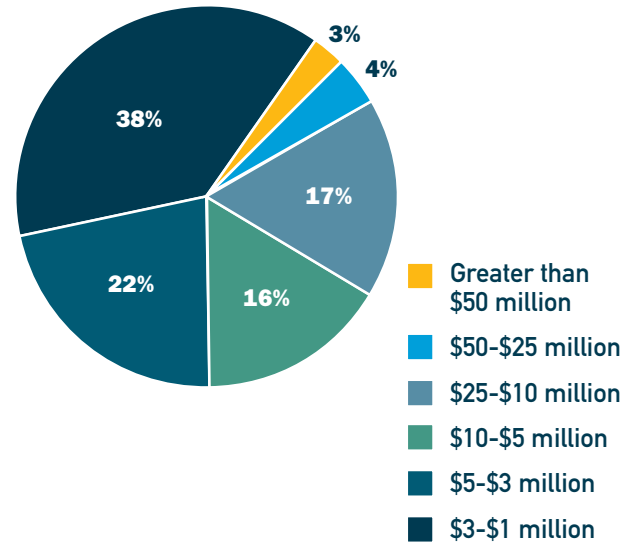

OLDEST:

1909, Powell Custom Home & Renovations

NEWEST:

2010, Alan Simonini Homes, Key Residential, RisherMartin Fine Homes

2012 Range of Revenue

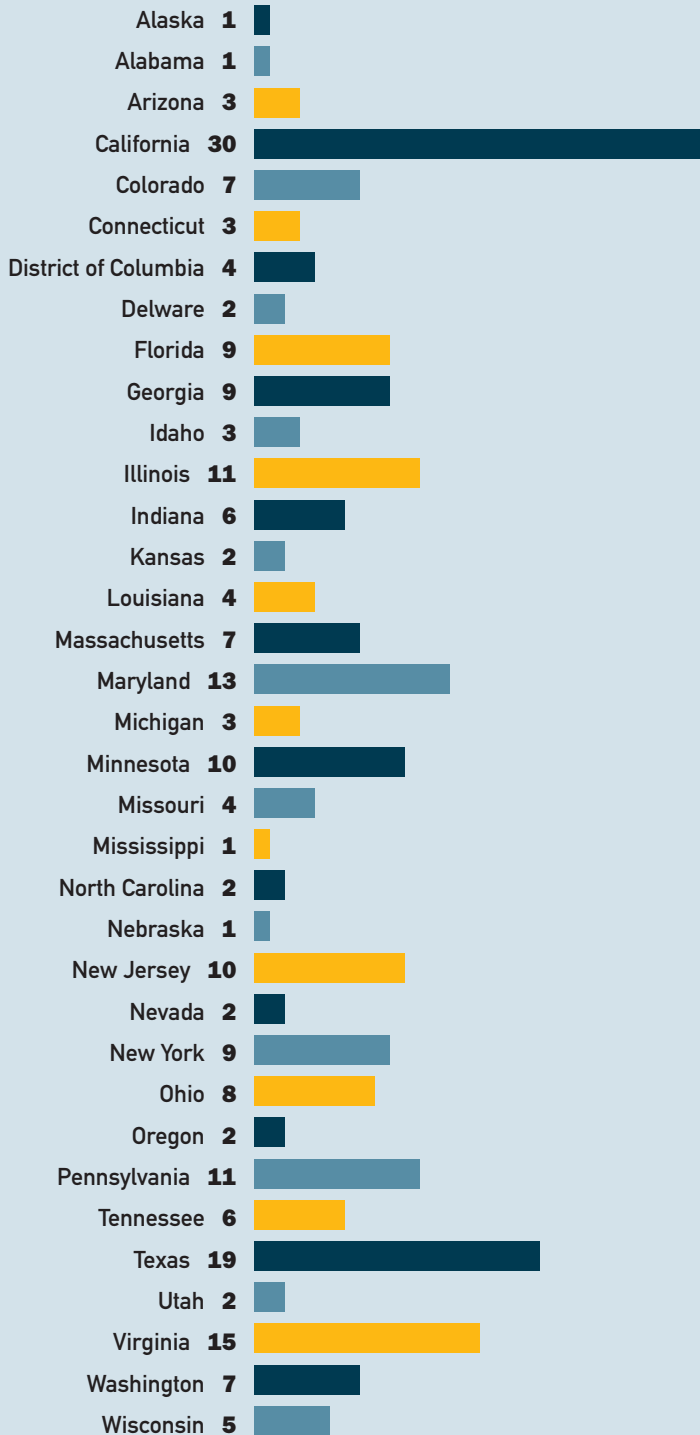

Top Companies by Category

Total 2013 Predicted Revenue \$3,224,941,366

Remodeling Firms by State

**Total 2012
Remodeling
Projects
3,896,825**

released in October 2013, remodeling contractors have reported improving market conditions for the past four quarters; meanwhile, spending trends have continued to increase and the Leading Indicator of Remodeling Activity (LIRA) projects a continued strengthening of the market for the remainder of 2013 and into the first quarter of 2014.

By the numbers

For the first time, *Professional Remodeler* calculated the 2012 total remodeling revenue by firms on our America's Top Remodelers list. The aggregate revenue from the 232 companies was \$2.8 billion from 3,896,825 remodeling jobs. We also asked the companies on our list to predict their 2013 revenue, which totaled \$3.2 billion—a year-over-year difference of \$382 million.

Paul Davis Restoration leads all firms on our list with a revenue of \$499,673,140. Three percent of the firms made greater than \$50 million; 4 percent have revenue between \$50-\$25 million; 17 percent range between \$25-\$10 million; 16 percent between \$10-\$5 million; 22 percent between \$5-\$3 million; and the largest majority of revenue, 38 percent, fall between \$3-\$1 million.

Breaking down the type of remodeling firms, there are a total of 97 full service, 59 design/build, 44 exterior replacement, 17 insurance restoration, 14 kitchen and bath, and 2 commercial. California and Texas are the leading states where the firms are based, totaling 30 and 19, respectively. **PR**

Leading Firms by Market Segment

Thanks to the Home Projects® Visa® credit card, Feldco has seen a great boost in customer satisfaction and sales

“We are able to help more customers than ever before – delighting them with finance options and growing our business too,” says Adam Pudi, Financing Manager at Feldco.

Find out more today

To learn how the *Home Projects* Visa credit card program can help build your home improvement business, call us today or visit us online.

Monday through Friday
8:00 a.m. – 6:00 p.m. Central Time

HomeProjectsVisaCard.com

For over 35 years, Feldco has been helping homeowners improve the value of their homes while improving the quality of their lifestyles. It is their mission to offer superior replacement windows, siding, and doors at an exceptional value.

Feldco has experienced growth in recent years, and they credit much of this success to the *Home Projects* Visa credit card. Feldco has been offering the *Home Projects* Visa credit card to its customers since 2008. They are happy to be able to offer their customers the financial flexibility they often need to see their home improvement projects through to completion. “Before financing options were so flexible and accessible, many of our customers chose to do smaller projects,” states Adam Pudi, Financing Manager at Feldco. He adds, “Now customers are doing larger projects.”

Increased customer satisfaction with financing training for all sales representatives

The *Home Projects* Visa credit card has made such a difference in terms of sales and customer satisfaction that Feldco now incorporates a two-day financing course within their Feldco University training program. This ensures the Feldco representatives are best able to answer any questions customers may have about the *Home Projects* Visa credit card program. “Customers get very excited when they realize they have additional options to help pay for their projects, so they can get exactly what they want,” adds Adam.

A hassle-free experience leads to more customers

Feldco’s goal has always been to make home improvement projects as easy and affordable as possible. The *Home Projects* Visa credit card allows them to do that at a higher level than before. The quick and easy application process helps Feldco gain new customers and in turn increase sales. Once the application is submitted, the Feldco Sales Representative will typically know right away if it has been approved. “The speed of approvals and ease of paperwork are critical to our success,” states Feldco’s Director of Finance, Uday Khedkar. He adds “As we primarily utilize an in-home sales model, these factors are paramount.”

Competitive options with a stable, reputable program

Feldco can choose from a variety of special terms financing plans to best fit not only their business needs but their customers’ budgets as well. The *Home Projects* Visa credit card program provides Feldco with a variety of financing promotions, solid approval rates and competitive credit limits. The competitive credit limits give Feldco’s customers greater purchasing power.

Wells Fargo Retail Services’ collaborative approach

Through close contact and collaboration with merchants, Wells Fargo has been able to provide reliable service to their merchants through good financial times and difficult ones. Regular contact, frequent performance, and best practice reviews are all key components to the *Home Projects* Visa credit card program’s loyal merchant participation through the years.

YOU'VE COME THIS FAR. FINISH STRONG.

You've invested money into getting the lead and the sale. Now it's time to get the job approved. Don't stop at the one-yard line. Just because your first-look lender rejects the deal is no reason to accept defeat. Not when you're this close.

Turning rejections into approvals is what we do at HomePlus Finance. With our flexible financing program we say "yes" to your credit-challenged customers. Why not pocket an extra \$500,000 with us this year? It's easy.

Don't give up on those deals. We won't. For more information, go to www.HomePlusFinance.com or contact Jack Maschmeier at (866) 234-5010 x5560 or email JackM@HomePlusFinance.com.

A limited number of dealer openings remain.

- Personalized underwriting
- Flexible unsecured loans
- Approvals **NOT** credit score driven
- No equity required
- Same-day funding
